

## LIPTON WILLING

### To Exchange Crews But New York Club Has Not Decided.

English Proposition to Owners of the Big Yachts—Want a Race to Settle a Point—How Lipton Feels—Takes Defeat Gamely.

Boston, Oct. 5.—The remarkable consensus of the races between Columbia and Shamrock has given rise to the opinion that a better test of the merits of the boat could be had if the crews would race with the crews changed. To this end the Boston Journal telegraphed Sir Thomas Lipton as follows:

"Would you agree to a race between Shamrock and Columbia if it could be arranged, in which Shamrock should be sailed by Captain Barr and American crew and Columbia sailed by Captain Sycamore and English crew?"

The following dispatch was received in reply today:

Boston Journal, October 5.

"I have your telegram suggesting a race between Shamrock and Columbia, Shamrock to be sailed by Captain Barr and American crew. To this I would gladly agree in the interests of the sport of yachting if the other side is willing.

(Signed) "LIPTON."

New York, Oct. 5.—Secretary Oddie of the New York Yacht club would not say today whether the cup committee would take up Lipton's suggestion that the races be sailed

with the Shamrock's and Columbia's crews changed.

New York, Oct. 5.—Sir Thomas Lipton announces today that he will gladly agree to the suggestion that Shamrock be raced with Captain Barr handling the helm and backed by an American crew, and Captain Sycamore and his Englishmen to take the Columbia. If the other side is willing a new series of races may be sailed. This would not effect the custody of the American cup but would show whether it was the model or the sailors that won the race.

New York, Oct. 5.—John R. Speers over his own signature in the New York World, says today that Willie Jameson sailing master of the Shamrock, deliberately threw the race or showed execrable management yesterday. In view however, of the uniform work of the Columbia in all winds, other yacht sharps consider Speers' charges unfounded. The Herreshoffs say the Columbia was 15 per cent better this year than when she met Shamrock two years ago. The firm also says the Constitution is a better boat than the Columbia by five minutes, even though she was not chosen to defend the cup.

## Great Disappointment in London.

London, Oct. 5.—There is a feeling of supreme disappointment in London over the failure of the Shamrock II. to win even a single race. Those who denounced Sir Thomas Lipton's ambition, asserting that he was using his yacht to advance his business interests, now realize that his sportsmanlike efforts deserved a better result. The question is raised whether the defeat of the challenger was due to the superiority of American seamanship or the better constructive ability of the Americans. With a view of settling the question, The Daily Express has cabled Commodore Morgan and Sir Thomas Lipton, suggesting that they should arrange a race with the Columbia's crew on board the Shamrock II and the crew of the challenger on board the defender.

The newspapers are unanimous in admitting that the challenger was fairly and squarely beaten by a better boat. "The Shamrock II had the better of everything and has been made to do her best," says The Daily Graphic. "Her defeat will be regretted no less keenly on Mr. Watson's account than on Sir Thomas Lipton's. He should be consoled by the fact that the Columbia is admittedly a phenomenon; and that Mr. Herreshoff himself failed in his effort to build a better boat."

The field alone takes an entirely different note of disdain. It ridicules the sudden change of opinion, after the failure of the Shamrock II in light winds, that she wanted a breeze, and expresses satisfaction in its own belief that "public interest, which has been excited to an unprecedented degree in the contest, will not be long sustained, because the vast majority of the people are entirely ignorant of the sport of yacht racing."

How Lipton Feels.

New York, Oct. 5.—Sir Thomas Lipton takes his defeat gamely. He made no attempt to hide his disappointment when he talked about the races on the Erin. "I am very disappointed," he said, "I can't hide that. I thought within 15 minutes of the finish that we had won. I should like to have got one race, just by way of consolation. It has been a severe strain on me; I have worked so hard for many months now and I am glad it is over. To have won would have been a joy greater than the day's disappointment. Columbia's win was fair and square and honorable. There is nothing to protest if I wanted to protest. In fact, I have a feeling in my heart that if there had been any error in judgment at all it would have been in my favor."

## FIVE TICKETS

Will Appear on Australian Ballot in Ohio This Year—Last Day for Filing Certificates.

Columbus, O., Oct. 5.—This was the last day for filing certificates of nomination either by convention or petition of candidates for state offices at the election to be held November 5. Five tickets have been certified to Secretary of State Laylin: Republican, headed by George K. Nash, of Columbus, for governor; Democratic, headed by Colonel James Kilbourne, of Columbus; Socialist, by Harry C. Thompson, Cincinnati; Prohibition, by E. J. Pinney, of Cleveland; and Socialist Labor, by John H. Jurgens, of Canton. These tickets will appear on the Australian ballot in the order named.

## ROOSEVELT

Will Recommend to Congress Fighting Navy and Wants the Army Methods Changed.

Washington, Oct. 5.—The Army and Navy Register, a semi-official organ, today says Roosevelt will recommend plans for a fighting navy, plenty of battleships, plenty of target practice, great fighting qualities for ships rather than speed, and readiness for battle at any time. He also wants the army methods changed; less planning on paper and more field and camp work with an aggregation of 15,000 men so that generals can learn how to handle large bodies. In the Spanish war there was not a general who had handled a force larger than 2,000 men previous to the Santiago campaign.

Josiah Fletcher, of the freight department, and his wife were in Newark Friday. L. O. McFarland, William C. Lucas, W. T. Davis and Josia and Frank Tanner were in Newark yesterday taking in the Licking county fair. A. D. Pierson, of the freight shop, went to Newark Thursday. Mr. Pierson, who was recently married, will bring the new Mrs. Pierson with him.—Zanesville Times Recorder.

## WEDDING

Of Former Vice President Morton's Daughter to Count De Perigord This Afternoon.

London, Oct. 5.—Miss Helen Morton, third daughter of former vice president Levi P. Morton, was married to Count Boni De Castellane, the second son of the Duc De Tallyrand, at St. Mary's Catholic church, Chelsea, this afternoon.

The engagement of Miss Morton to Count De Perigord was announced on August 28. The groom is a cousin of Count Boni De Castellane, whose wife was formerly Miss Anna Gould of New York.

Count De Perigord is a well known figure in Paris society where he has to a large extent taken the place of his father, who for a quarter of a century was known as the Prince De La Mode.

## BRITISH

Soldiers Imprisoned During Past Year Number Four Thousand—Paper Urges Their Release.

London, Oct. 5.—The Evening Star today prints the report of the British prison commission which shows that 4,079 British soldiers have been sent to the English prisons during the past year. This number includes 3,000 who have been imprisoned for military offences committed in South Africa. All have been put at hard labor among the common criminals. Sir John Lang, the well known publisher, urges the wholesale release of the soldiers, pointing out that their retention would have a bad effect on recruiting as it would be taken as an object lesson of a nation's gratitude.

KING EDWARD'S CONDITION.

Aberdeen, Scotland, Oct. 5.—Sir Francis Laking, King Edward's physician, is still at Balmoral Castle attending the king. The palace officials deny the report emanating from Copenhagen to the effect that the king is suffering from an incurable disease. The old rumors of the King's throat affection have however, been renewed.

## QUESTION

WHETHER SAMPSON WILL BE CALLED.

DIFFERENCE OVER CONSTRUCTION OF A SENTENCE.

SAMPSON MAY SETTLE POINT.

Council for the Applicant Demand that the Admiral be Summoned to Testify—Commander Hodgson's Testimony—Proceedings of the Naval Court of Inquiry.

Washington, Oct. 5.—When the Schley court of inquiry convened at 11 o'clock this morning the question of calling Admiral Sampson as a witness was still unsettled. Judge Advocate Lemly stated that Sampson was on Schley's list of witnesses. Persons on that list will be summoned as rapidly as they are designated by Rayner. They will be called in groups, when wanted. If Sampson is designated he will be brought in. Lemly will not bring in Sampson as one of his witnesses.

"Not a syllable is to be added to what I said yesterday," was Rayner's answer to a query. The last thing he said on that subject yesterday was: "Then bring in Admiral Sampson." He hasn't made a formal request that Admiral Sampson be called. The general belief is that Sampson will not be summoned. If a summons should be issued it is said the result would be a doctor's certificate stating that Sampson was unable to appear as a witness.

Lieutenant Doyle, of the Brooklyn, took the stand at the opening of court to correct his testimony. An error in his reading from the log of the Brooklyn, mistaking June 28 for May 28, was discovered. The court repeated its question asking for the distance of the Brooklyn from Morro castle, at daybreak from May 29 to June 1.

The witness read from the log, giving the distance May 29 as about six miles; but on other dates he found no entries of the distance at daybreak. On May 31 during the day an entry gave the distance from Santiago as six miles.

Lemly asked some time ago for all the papers of the Brooklyn. He was told he had them. Today Schley's counsel sprung a second copy of Sampson's letter regarding the move on Santiago. "This," said Lemly, sarcastically, "is another of all the papers turned into the department from the Brooklyn. I will now ask Admiral Schley if his book in which the receipt of papers was recorded is also in his possession." Schley's counsel then admitted it was and that this and other papers were at the service of the department.

## DEAR SCHLEY NOTE.

SAMPSON MAY SETTLE IT.

Washington, Oct. 5.—Mr. Rayner, chief of counsel for Admiral Schley, asked Judge Advocate Lemly to summon Admiral Sampson as a witness before the Schley naval court of inquiry. The request grew out of a difference in the construction of a sentence in Admiral Sampson's letter to Commodore Schley, written from Key West May 20, while Commodore Schley, with the flying squadron, lay off Cienfuegos. This is known as the "Dear Schley" letter, and in it, as printed in the navy department documents supplied to the senate, the admiral said, after expressing his opinion that, notwithstanding the report that the Spanish squadron was in Santiago, it was better to continue to blockade Cienfuegos and Havana. "We shall continue to hold Havana and Santiago until we receive more positive information."

During the examination of Commander Raymond P. Rodgers, this dispatch was under consideration, when Mr. Rayner expressed the opinion that the word Santiago had been inadvertently used by the commander-in-chief, assuming that he meant to use the word Cienfuegos as better corresponding with the context. As the document was printed there was a parenthetical note, to which Admiral Schley's initials were attached, saying that evidently the wrong city had been mentioned. Mr. Rayner asked Judge Advocate Lemly to make this correction, but the latter declined to do so, saying that he would produce the original of Admiral Sampson's dispatch to prove that he had said Santiago. Then Mr. Rayner said: "I (Continued on Page 3, 4th col.)

## CONTRADICTED

Heistand's Testimony in Hemp Investigation—Assistant Secretary Allen Testified Today.

Washington, Oct. 5.—In the Heistand and hemp investigation today assistant Secretary of the Navy Allen directly contradicted Heistand's testimony in which the latter said he brought the hemp matter to Allen's attention and had asked for favorable consideration. Allen said Heistand never broached the hemp matter to him, never had he considered nor was he capable of considering such a proposition.

There was a sensational scene today in the Heistand case. Heistand was on the stand and stated that Hawks had "whimpered." Hawks jumped up and shook his fist at Heistand and said, "You lie." Members of the Senate Committee quieted the scrappers before blood was shed.

## WRECK

OF A FREIGHT TRAIN KILLED FOUR TRAINMEN.

Track Was Torn Up and Blocked for Eight Hours Today—Victims from Philadelphia.

Reading, Pa., Oct. 5.—A wreck of a freight train on the Lebanon Valley division of the Philadelphia and Reading railroad between Harrisburg and Hummelstown occurred at about 2 o'clock this morning, killing four men. They were:

Thomas F. Dolan, engineer.  
Patrick Kerr, conductor.  
Chas. E. Mays, front brakeman.  
Wm. McCormsey, fireman.

All were from Philadelphia and all were married except Mays.

The track was torn up and the wreck was not cleared till after 10 o'clock this morning.

## CLAM BAKE

To Be Held Next Wednesday by the Rownd Islanders—Big Attendance is Expected.

Great preparations have been made for the last outing, for the year, of Newark's most popular club, the Rownd Island. The committee in charge of the arrangements have reported that 125 tickets have been sold, and that nearly every member of the organization will attend. The committee has chartered a special car which will leave the square at 7:15 a. m. on Wednesday. The club will transfer at the Snowman switch to the T. & O. C. train for Lakeside. From there they will go by boat to the island. The steamer will be used by the members the entire day and a number of special excursions will be run to different points on the lake.

The inner man will be looked after by Uncle Joe Kuster, assisted by his son, Joseph, and several other assistants. This will insure an abundance of rations. Colonel Wm. C. Wells will go to the island on Tuesday morning to arrange for the affair and will start the fire under the ope, which is to be used for preparing the dinner. Four cords of wood will be used in the preparing of the meal. The club will have a large number of guests, among them will be residents of Lancaster, Columbus, Zanesville, Toledo, Cleveland, Mansfield, and Coshocton.

## PHILIPPINES

Military Authorities Urge a Vigorous Policy, While Judge Taft Prefers Milder Measures.

London, Oct. 5.—An English merchant who has just returned to England from Manila, says civil governor Taft and the military authorities are at loggerheads over the treatment of insurgents. The military authorities urge a vigorous policy. They have court martialled and condemned to execution several natives who were convicted of treachery. Judge Taft, the merchant says, has invariably commuted the sentence of the convicted men to short imprisonment or the payment of a fine.

The military authorities claim that severity is necessary, and even Manila is honeycombed with plots and that Malabar, the insurgent leader, is running about south Luzon as he pleases.

## REVOLT

AGAINST THE NASH ADMINISTRATION AND REPUBLICAN TICKET

BY GERMANS OF CINCINNATI.

And the State Party Managers are Alarmed Over the Situation in Hamilton County—Confidence at Democratic State Headquarters Over the Outlook in That County and Elsewhere.

Columbus, O., Oct. 5.—The Republican managers are alarmed over the situation in Hamilton County. The most encouraging reports have come from Cincinnati and vicinity to the Democratic state committee and to interested persons who have made independent inquiries in that section with a view to learning the true aspect of affairs from a Democratic standpoint. The facts are known to the Republican committee and have created consternation among the followers of Governor Nash, while a corresponding degree of relief and satisfaction is noted among the friends of Colonel Kilbourne.

From the best sources of information in Hamilton county it is learned that the Germans there, who constitute politically the most powerful element of the voting population, are up in arms against the Nash administration. Prominent Republican Germans of Cincinnati are outspoken in their purpose to use all their influence in favor of the Democratic state ticket this year, while still preserving their identification with the Republican party. These men insist that they are better Republicans than those who will vote for Nash, for they believe that the only hope of the party's ultimate salvation in this state rests with the present opportunity to defeat the governor's re-election. Among these is a well known German clergyman of Cincinnati, the pastor of a large and influential flock and a life-long Republican. As the familiar saying is, he "makes no bones" of his opposition to Nash and is actively in the field for Kilbourne and the Democratic state ticket. He is not an isolated example, however, for the number of his imitators among the Hamilton county Germans is large and constantly growing.

At the same time the Foraker element in Cincinnati, distrusting the attitude of Hanna, Dick and Nash, is disposed to knife the Republican state ticket. Senator Nipper's nomination for Lieutenant Governor is now acknowledged to be the weakest that could have been made, for the betrayal of Caldwell arrayed the liberal element of Cincinnati against his successor on the ticket, while the anti-saloon people are no better satisfied with Nipper than they would have been with Caldwell. In the mean time the Democratic organization in Hamilton County is working harmoniously, taking advantage of the situation in the Republic.

## "YES"

SHE SAID TO ONE AND "NO" TO THE OTHER

THEN THIS GIRL GOT LETTERS MIXED.

TELEGRAMS STOPPED MISSIVES.

Kansas City Young Woman Received Two Proposals and in Accepting One and Rejecting the Other Put Letters in Wrong Envelopes—Hurried to Chicago.

Chicago, Oct. 5.—An exchange of telegrams and prompt work on the part of the clerks in the inquiry division at the post office has prevented trouble for an anxious young woman living in Kansas City. The cause of anxiety was the common error of placing letters in the wrong envelopes, only in this instance there was more at stake than the writer's dread of having the wrong person read her sentiments. There were two letters in this case. Each was an answer to a proposal; one an acceptance and the other the heart-dressing "no."

The first intimation the postal officials had that anything was wrong was given Thursday in a telegram with pleading words to stop two letters that had been mailed to Chicago men.

The names were given and the search at once started. Such requests are usual and the postal employees are never slow to take up the search for strayed mail.

It was late in the evening when one letter was found in a West Side station and another at Englewood. The woman from Kansas City had sent word that she would come to Chicago to explain. She arrived at the building on the lake front and expressed great joy when the letters were shown to her.

She had identified them properly so that there was no hesitation in turning them over to her. Then she told Superintendent Cahill her reason for displaying so much anxiety. She had received two proposals she said, from old friends in Chicago. Her heart had already been won by one of the men, so that she was not in doubt as to the answer to be made. The other suitor had to take a negative reply. Both letters were written and mailed with out delay.

It was only after they were on their way that the writer was disturbed with the thought that the letters had been exchanged. She was not certain, so she telegraphed to the Chicago office. Her examination of the letters proved her suspicions correct.

The lady blushed as she tore open the letters in the presence of the Superintendent and then she tore them into bits which she carried off. "I'll try again and will be more careful next time," she said, after she had thanked the official for relieving her distressed mind.

The names of writer and addressee could not be given out by the postal authorities.

## SMALLPOX AT FINDLAY.

The Democrats of New Jersey in State Convention have disregarded the plans of once powerful party bosses, and have nominated for governor, Mr. Seymour, the aggressive Democrat mayor of the city of Newark. Mr. Seymour, whose name is a familiar one to Democrats of the entire country, has been thrice elected to that office, in the face of strong opposition in his own party and of a Republican majority in the city of from 3,000 to 4,000 on national issues. His administration of public affairs has evidently pleased the people of his own city, whatever disfavor from professional politicians it may have encountered.

**Pursuing the Filipinos.**  
Manilla, Oct. 5.—General Hughes cabled from the island of Samar that Balanganga, where the disaster to Company C of the Ninth regiment occurred, is deserted and in ruins, and that Colonel Isaac D. De Russio of the Eleventh infantry, who on hearing of the slaughter immediately started for the scene with a battalion, is closely following the Filipinos.

**Souza in England.**  
London, Oct. 5.—Souza's English season promises to be a great success. All the seats at Albert hall, the most capacious in London, were sold for Friday night, and but few are left for the succeeding performances. The directors of Albert hall presented Souza with a gold medal as a testimonial of their respect.

**Damaged by Fire.**  
Joliet, Ill., Oct. 5.—The Joliet stove works was damaged between \$30,000 and \$50,000 by fire. The nickel plating room, the pattern room and the punching room were ruined, with their contents and machinery. The loss is fully covered by insurance.

## REVOLT

(Continued from Page 1.)

publican ranks whenever the opportunity offers itself. The loss of the county to the Republicans is now confidently expected at Democratic state headquarters and is not regarded as improbable by the Republican managers. The latter are doing everything possible to change the condition here described, but thus far without success and apparently with no hope of strengthening their position between now and election.

Hon. A. W. Patrick of New Philadelphia was a recent caller at Democratic state headquarters and gave the benefit of his observations on the progress of the campaign to the executive officers of the committee. Judge Patrick says that the stories published in Republican organs of his alleged estrangement from Colonel Kilbourne are base fabrications of the enemy. He feels that Democratic prospects are exceedingly bright this year and is disposed to do all he can to promote them. The judge will take the stump for the ticket. It is rumored that he left behind him at headquarters a substantial remembrance of his visit in the form of a document familiar in banking transactions.

Something of a novelty will develop at Delaware from the presence in conspicuous seats of Mayor Tom L. Johnson of Cleveland and Mayor Samuel M. Jones of Toledo. The two mayors will receive special attention from the Republican managers, having been invited to attend by no less a person than Governor Nash himself. The thing is looked upon as rather a joke in some quarters, but when the two mayors begin to make use on the stump of the ammunition they will acquire at the Hanna-Nash blowout, the joke will not be on the Democrats.

Speaking of Delaware, it is a solemn fact that the selection of that town for the opening would have insured a frost even if existing Republican conditions were not so chilly. The hotel accommodations are ridiculously inadequate, the city is cramped within itself, the chief railway station is two miles away, the place of meeting is unfit for October weather and practically all local conditions are unfavorable for such a gathering. Even Republicans who live in the town regret its selection and say that the event can only prove disastrous to its reputation. If anything like the 20,000 persons whom Chairman Dink hopes to haul there of free railroad tickets, attend, there will be more kicking than eloquence and more cussing than politics. Of all points on this globe on the 19th of October Delaware will be the one place for a sane man to avoid.

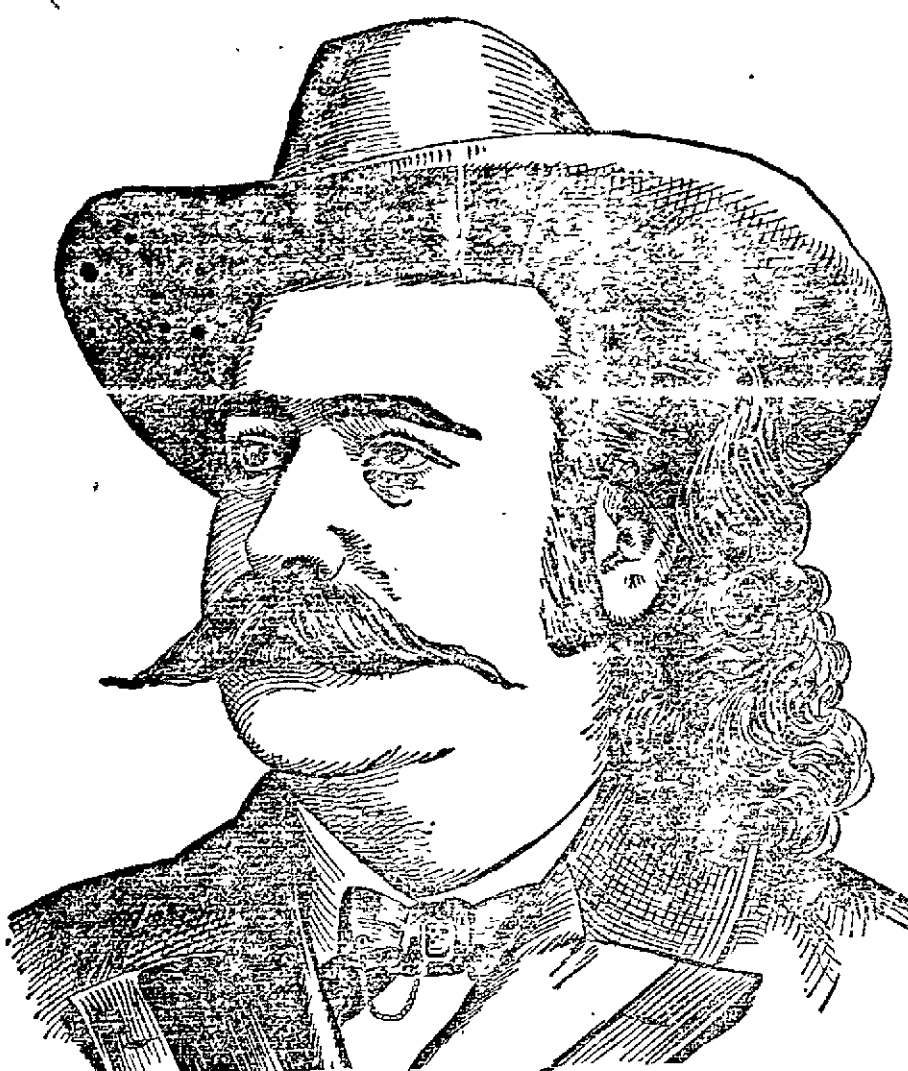

**Appeal for Miss Stone.**  
Boston, Oct. 5.—The following appeal has been issued in behalf of Miss Stone by the prudential committee of the American board of commissioners for foreign missions: "To Christian America: The relatives and friends of Miss Ellen Stone, the missionary now held captive by brigands in the Balkan mountains, under sentence of death on October 8, if the ransom demanded, 20,000 pounds Turkish, \$12,000 American, is not paid prior to that date, appeal to Christian America in their efforts to raise this large sum in time to assure her safe deliverance. Her situation is desperate. The government at Washington has done and is doing everything officially and humanely possible to secure her release. Notwithstanding all this, there is a possibility of failure of negotiations, and it is absolutely necessary that the amount of ransom be instantly raised. Messrs. Kidder, Peabody & Co., the eminent bankers of Boston, have consented to act as trustees of all funds which may be contributed for the purpose of ransom."

**Italians Dispersed.**  
Tampa, Fla., Oct. 5.—A thousand or more Italians assembled in the Italian colony and formed a procession. They said they were going to march through the principal streets to the city hall and make a protest against the treatment the strikers were receiving. Within a few moments a body of armed men hurried to the scene in charge of a deputy sheriff, and the crowd was ordered to disperse. It became necessary to use force with a few when the entire crowd broke away. During the day many strikers worked on the streets until they gave out, and asked to be allowed to work in the factories.

**Meyer's Shortage.**  
Fort Wayne, Ind., Oct. 5.—The board of county commissioners received the resignation of the defaulting auditor, William Meyer. The bondsmen of the retiring auditor were allowed to draw the amount of salary due Meyer for the last quarter, and paid over to the county the net sum of the shortage, \$1,984.04. George Ortleib, who has been acting as chief deputy auditor, was appointed county auditor, and it is understood will draw but \$1,800 a year, the balance of his salary going to reimburse the bondsmen, who will thus lose only \$500.

## A UNITED STATES MARSHAL

Thanks Peruna For His Rapid Recovery From Catarrh.

EX-UNITED STATES MARSHAL MATTHEWS, OF MISSISSIPPI.

Hon. S. S. Matthews, ex-United States Marshal of Mississippi, in a recent letter to The Peruna Medicine Company of Columbus, Ohio, written from Hazelhurst, Miss., says:

"I am happy to say that I am cured of catarrh and need no more attention from you. It is a great satisfaction that I am able to write you that Peruna has in my case done all that you claim, and that I will need no more medicine."

The great multitude take this remedy without any other advice than the directions to be found upon the bottle and in the pamphlets. There are those who prefer, however, to correspond with Dr. Hartman during their sickness. To all

such he will make prompt and careful answer without charge.

Hon. J. F. Crocker of Buffalo, N. Y., who was for years Superintendent of Schools at Buffalo, in a letter dated October 16, writes:

"I have been a sufferer from catarrh six or seven years, and after trying many remedies, was induced by a friend to take Peruna. The results have been highly satisfactory. I take pleasure in recommending Peruna to any one suffering with catarrh, as my cure is complete."

Hon. B. B. Duviner, Congressman from West Virginia, in a letter from Washington, D. C. to The Peruna Medicine Co., says the following of their catarrh remedy, Peruna:

"I join with my colleagues in the House of Representatives in recommending your excellent remedy, Peruna, as a good tonic and also an effective cure for catarrh."

Mrs. Mary C. Fentress writes from Paradise, Tex., the following: "I think I can say that your good advice and medicine has cured me of chronic catarrh. I have had no pains in my head since I have taken Peruna. I have been in bad health ever since '98, and have taken a good many medicines which were only of temporary relief. Peruna is the catarrh cure. The Peruna stopped my catarrh of the head so that it did not become chronic, and I am very thankful for Dr. Hartman's advice and medicine."

Peruna is a specific for all catarrhal diseases. It acts quickly and beneficially upon the inflamed mucous membrane thus removing the cause of catarrh.

Catarrh is catarrh wherever located. Catarrh is essentially the same everywhere. The remedy that will cure catarrh in one situation will cure it in all situations.

## AMUSEMENTS.

The Keystone Dramatic company will close a successful week's engagement at the Auditorium this evening with the presentation of "The Senator's Daughter."

Mildred Holland started her sea on "The Power Behind the Throne" on September 16, which promises to be the most successful she has ever had. Her tour will comprise about forty weeks. During that time she will appear for two weeks at the Tack Theater in Buffalo, New York, producing for the first time on any stage a new play, which will utilize the services of nearly 100 people.

Manager Rosebraugh, of the Auditorium, on October 10 will play "A Secret Warrant" company and from all accounts, the people who see fit to patronize this attraction, will, to use a common phrase, "get their money's worth." Willie Granger, the romantic young actor, assumes the leading part, and Messrs. M. W. Hanley & Son, under whose management the company appears, have had the good sense to surround the gentleman with an exceptionally grand company of players, two of which, Beverly Turner and Marion P. Clifton, originally created their roles in this play. Besides the above mentioned, the other players are Adeline Dunlap, Grace Arwell, Percy Cooke, Clifford Standish, Russell Crawford, Foster Lardner, Geo. W. Hammond and others. While the play embodies the most intense dramatic action, the comedy element is well taken care of. This attraction is one of the kind that deserves a packed house.

## MAKING OF AN AMERICAN.

With the installment published in the October Magazine Number of the Outlook, Mr. Jacob A. Riis's autobiography "The Making of an American" comes to an end. With the single exception of the autobiography of Booker T. Washington, "Up from Slavery," also published in the Outlook, no recent autobiographical story has been read with more interest and entertainment. "The Making of an American" will this month appear in book form. (\$2 a year. The Outlook Company, 287 Fourth Avenue, New York.)

(To be Sung to the tune "Them Goo Goo Byes")  
A big fat man went to a show, and sat down on a seat.  
But he didn't see the show at all, but kept looking at his feet.  
They looked so neat, he smiled quite sweet.  
He says I have been troubled for years or more,  
With shoes that raised big corns and made my feet so sore.  
But now no more, nay, nay, no more, For I have found the Uncle Sam shoes are a sure cure for the blues.  
They keep them at the store run by Carl and Seymour.  
Nothing can beat the Uncle Sam Shoe.

## A FIENDISH ATTACK.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him, until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. His marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Hall's Drug Store.

The crank is not easily turned from his way of thinking.

## AN HONEST BOY.

Roe Bremigan, the little ten year old son of Mrs. Bremigan, who resides on Wilkin street, found forty dollars belonging to Mr. Fulk, who keeps a grocery on Granville street. He promptly returned the money to Mr. Fulk. It seems Mr. Fulk had been paying a produce dealer and had in some way lost the money, not even missing it. The little fellow was suitably rewarded by Mr. Fulk.

The complaint of the man who rides in crowded street cars is one of long standing.

Portland, Ore., Oct. 5.—William Inman, 53, a coal miner employed in the Somers Coal company mines at Kimberly, was instantly killed by a fall of slate.

Uncle Sam and Pan Congress.

London, Oct. 5.—M. De Blowitz, Paris correspondent of The Times, discussing the exaggerated ideas current in the French regarding the ulterior designs of the United States in connection with the pan-American congress in the City of Mexico, expresses a belief that "the idea that the United States meditates a pan-American federation under its own avowed protection is an entire misconception." "America's claims are not political," says De Blowitz. "She wants reciprocity treaties, special tariffs and differential duties with the South American republics."

SENSE IN SICKNESS.****Take the Only Remedy That Is  
Guaranteed to Effect a Cure!****DO NOT BE FOOLED BY QUACKS!****They Are Dropped by the Way While the  
Great work of Paine's Celery Com-  
pound Goes Steadily on.**If ever a person needs to exercise  
the God-given quality of common  
sense, it is when he begins to be sick.  
One can afford to be stupid or weak-  
ish, or careless and frivolous when  
well. There is no man so poor, if he  
has his health, and his nerves are in  
good order, his muscles sound, and his  
stomach normal, who cannot correct  
his mistakes.But the moment one falls sick—  
when as sure as fate, disease with its  
many changes, if not promptly  
checked, is bound to develop into ser-  
ious illness—there is no longer time  
to experiment, or blunder.The experience of the world has  
shown that in every case of sickness  
resulting from impaired nerves and  
impure blood, Paine's celery compound  
does immediate and effective good.  
For the last ten years the thousands  
of authentic reports of individual  
cases have multiplied, until it can be  
absolutely said that in no one case  
does this great remedy ever fail to  
benefit, and if taken promptly, to cure!And yet during that time a hundred  
worthless nostrums under patented  
catchy names have been foisted upon  
the public, and some of them for a  
brief period have had large sales. But  
every one of them having been tried  
has been found sadly wanting, and  
after their unscrupulous proprietors  
have made all the money they could  
in defrauding the well and seriously  
harming the sick, these quack medi-  
cines and their catchy, silly names  
have disappeared from view. There  
is a concoction being sold in this state  
today, where its speculative advertis-  
ing was begun a year later than in  
other states, a year or two ago, which  
has gone the way of its predecessors  
so rapidly that in every section of the  
country where it was first exploited,  
the sales have dropped off as rapidly  
as they began, and the obscure com-  
pany behind it finds it no longer possi-  
ble, even by the most sensational  
methods, to create any demand what-  
ever for it.Unlike all these and other such  
preparations, Paine's celery compound  
has stood the test of time and experi-  
ence. It is not a patent medicine;  
it is the discovery of one of the great-  
est physicians the world has had,  
probably the most successful practi-  
tioner in this country, whose reputa-  
tion was already established as a spe-  
cialist in nervous diseases, and who  
was and is the foremost authority in  
the world on the diseases of the blood  
and nerves. Prof. Edward E. Phelps,  
M. D., LL. D. As distinguished is his  
way as his kinsman, that other great  
Vermonter of the family of Phelps,  
who as our recent minister to the court  
of St. James so ably earned the title  
of diplomat and statesman.In these last ten years, the proprie-  
tors of Paine's celery compound have  
been sending this greatest of all pre-pared remedies to the four quarters of  
the earth, in larger and larger ship-  
ments, relieving and curing the sick,  
restoring the weak and depressed to  
health and strength, making it possi-  
ble for many and many a person to  
live, who could find no relief in well-  
intended prescriptions, or antiquated  
and worthless sarsaparillas and nervi-  
nes.In these years that have seen so  
many quacks come and go, one so-  
called medicine was put up by no more  
experienced a hand than a pushing  
Philadelphia real estate dealer; in-  
deed, it has been and is now run in part  
by a group of sharp newspaper men;  
another which originated as a pleasant  
thing for colds, has added not to its  
virtues, but to its schemes of adver-  
tising, until it has become in the mind  
of its projectors a cure for all the ail-  
ments under the sun—and such in-  
stances might be multiplied. Don't  
touch them!All these have had, or are having  
their day, while the demand for Amer-  
ica's greatest family remedy—a real  
remedy for real ills—an effective tonic  
and honest invigorator, has not suffer-  
ed from the attempted substitution of  
other preparations. Paine's celery  
compound is a medicine that cures the  
sick, and no high class druggist ever  
attempts to induce a customer to take  
anything in its stead.Paine's celery compound has gone  
on steadily gaining in fame these  
years because those who have tried it  
have gratefully sung its praises, and  
in every community in the country  
have by word of mouth spread its  
fame.According to the well known ethics  
of reputable physicians, this prescrip-  
tion was at the very outset freely pre-  
sented to physicians in good standing  
and the formula is gladly given them  
today.For that reason Paine's celery com-  
pound has never been included among  
patent medicines. Coming from so  
high a source, and so searchingly tried  
and recommended, physicians have  
long employed it as unhesitatingly as  
they have used their official prepara-  
tions.It drives the poison germs of deep-  
seated disease from the blood.  
It brings buoyancy of spirit in place  
of lassitude and despondency.  
It allows the overtaxed system to  
start fairly on the road to health.  
It procures the sleep so necessary  
to brain and nerve centers.  
It strengthens.  
It invigorates.  
It gives new tone to the system.  
It makes the blood healthy.  
It is food for the nerves.  
It makes people well!  
Thousands have been benefited, thou-  
sands have been cured by Paine's cel-  
ery compound, when everything else  
has failed.**TOT CAUSES NIGHT ALARM.**"One night my brother's baby was  
taken with Croup," writes Mrs. J. C.  
Snider, of Crittenden, Ky., "it seemed  
it would strangle before we could get a  
doctor, so we gave it Dr. King's New  
Discovery, which gave quick relief and  
permanently cured it. We always keep  
it in the house to protect our children  
from Croup and Whooping Cough. It  
cured me of a chronic bronchial trouble  
that no other remedy would relieve."

tended the Licking County Fair this  
week, and entered his horse Werther,  
which has a race record of 2:20½.  
The animal is a show horse and was  
in the list entry with five of his colts  
for the sweepstakes and carried off  
the red cards over Sunderland Clay  
and five of his colts, who were his  
competitors.Evan Jones of this county, had a  
yearling horse entered at the fair,  
sired by Werther, that won first prize  
and Mr. Jones refused an offer of \$200  
for the colt.Sylvester W. Cox also had a colt  
that won first prize in each class. For

can not take that word Santiago to  
mean anything but Cienfuegos. It is  
an imputation upon Commodore  
Schley and I can not permit it to rest  
without summoning the author of the  
dispatch," to which Captain Lemly re-  
sponded, "I have told you once before  
you can summon any one you please."  
Then," retorted Mr. Rayner, "sum-  
mon Admiral Sampson."The Testimony.  
The witnesses for the day were  
Lieutenant C. W. Dyson of the bureau  
of steam engineering, concerning the  
coal supply of the flying squadron;  
Commander Raymond P. Rodgers,  
who was second in command of the  
battleship Iowa during the Spanish  
war and carried Admiral Sampson's  
dispatches of May 20 to Commodore  
Schley, and Commander Alton C.  
Hodgson, who was the navigator of  
the flagship Brooklyn. While Com-  
mander Rodgers was on the stand Mr.  
Rayner submitted a computation of  
shells from the American fleet which  
had struck the wrecked vessels of  
Cervera's squadron, showing that at  
least 34 per cent of them were fired  
by the Brooklyn. This computation  
Mr. Rayner said, had been prepared  
by Admiral Schley upon the basis of  
a report made by a board of survey,  
of which the witness was the senior  
member. Commander Hodgson gave  
a graphic description of the battle off  
Santiago, describing the part taken in  
it by the Brooklyn and explaining the  
change in the entry of that vessel's  
log.Commander Hodgson said he had  
been navigator of Commodore Schley's  
flagship, the Brooklyn, during the war  
with Spain and was on the bridge the  
day of the battle of July 3. He de-  
tailed the particulars of the engage-  
ment. At one point he said, "Cap-  
tain Cook starboarded the helm a lit-  
tle to parallel the course of the lead-  
ing vessel, the Maria Teresa, which  
had made a broad sheer to port. He  
had hardly made that sheer, however,  
to port, before he fell off again for the  
reason, apparently, that a shot was  
fired from the Brooklyn's eight-inch  
gun. The Teresa got aback our port  
beam and helm and was ported on  
the Brooklyn immediately after that.  
We were swinging with port helm. I  
heard the commodore shouting 'Hard  
about,' or words to that effect, and  
Captain Cook sang out 'Helm is about.'  
I saw at that time the crucial moment  
had arrived in making the turn, and  
I suggested to the commodore that  
that turn would run us into the Texas  
or very close to her. He said 'Damn  
the Texas. I cannot help that. She  
must look out for herself. He will  
take care of that.' And he also said,  
I do not propose to go in any closer  
and subject myself to a torpedo at-  
tack."**RED MEN****Held Memorial Services Friday Night.**

luncheon shower given for Miss Grace  
Kennedy on Friday afternoon by Mrs.  
E. S. Browne at her home on Granville  
street. The house was elaborately  
and beautifully decorated with autumn  
leaves and bitter sweet and five small  
tables were covered with yellow. The  
afternoon's entertainment consisted of  
a game of picture guessing. A number  
of pictures of people well known in  
public life were placed on each table  
and were guessed in a given time, the  
guests progressing and having a chance  
to see all the pictures. The score  
cards were deftly decorated with

### Demand For Houses.

Although this is one of the seasons of the year for renters to change location, there is but very little moving, a fact due to the great scarcity of houses.

Anybody with a desirable house in his possession is anxious to retain it, while those who have not or who are moving into the city from a distance are obliged to content themselves with what they can get. Many new houses have been put up during the past season for renting purposes, but all that are now available have been taken, and the demand is far from filled.

The fellow who thinks too much about his family tree is apt to become wooden headed.

### A New Departure.

A New, Effectual and Convenient Cure For Catarrh.

Of catarrh remedies there is no end, but of catarrh cures, there has always been a great scarcity. There are many remedies to relieve, but very few that really cure.

The old practice of snuffing salt water through the nose would often re-

lieve and the washes, douches, powders and inhalers in common use are very little, if any, better than the old fashioned salt water douche.

The use of inhalers and the application of salves, washes and powders to the nose and throat to cure catarrh is no more reasonable than to rub the back to cure kidney disease. Catarrh is just as much a blood disease as kidney trouble or rheumatism and it cannot be cured by local treatment any more than they can be.

To cure catarrh, whether in the head, throat or stomach, an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system, and the new catarrh cure is designed on this plan and the remarkable success of Stuart's Catarrh Tablets is because being used internally, it drives out catarrhal infections through action upon the stomach, liver and bowels.

Wm. Zimmerman of St. Joseph, relates an experience with catarrh which is of value to millions of catarrh sufferers everywhere. He says "I neglected a slight nasal catarrh until it gradually extended to my throat and bronchial tubes and finally even my stomach and liver became affected, but as I was able to keep up and do a day's work I let it run along until my hearing began to fail me and then I realized that I must get rid of catarrh or lose my position as I was a clerk and my hearing was absolutely necessary."

"Some of my friends recommended an inhaler, another a catarrh salve but they were no good in my case, nor was anything else until I heard of Stuart's Catarrh Tablets and bought a package at my drug store. They benefited me from the start and in less than four months I was completely cured of catarrh although I had suffered nearly all my life from it."

They are pleasant to take and so much more convenient to use than other catarrh remedies that I feel I cannot say enough in favor of Stuart's Catarrh Tablets."

A little book on cause and cure of catarrh will be mailed free by addressing F. A. Stuart Co., Marshall, Mich., and the tablets are sold by all druggists in the United States and Canada.

### NINETY-FIVE

The Age of Mrs. Louisa Metz—Her Birthday Anniversary to be Celebrated Sunday.

Mrs. Louisa Metz, the mother of Miss Isabella McCahan, and grandmother of Dr. McCahan, will on Sunday celebrate her ninety-fifth birthday anniversary. The occasion will be celebrated with a quiet family dinner at the home of Mrs. Isabella McCahan, four generations being present.

Mrs. Metz was born in Maryland, but came to Ohio when she was six years of age and has resided in this state ever since, mostly in Coshocton county. She is in excellent health and very active for one of her age.

Findlay—A baby girl was born to Mr. and Mrs. Frank Howard. Both parents are quarantined with smallpox, the mother being violently ill with the disease.

Bucyrus—H. C. Reinhardt has sued the Ohio Central for \$50,000 damages. Reinhardt was injured in a wreck, and both legs had to be amputated.

### DRIVING PARK ASSOCIATION.

The Newark Driving Park Association will hold an important meeting on Saturday evening, at the Secretary's office in the basement of the Court House at 8:30 o'clock. All stockholders are requested to be present.

### THE W. C. T. U.

Tuesday, October 7, the President, Mrs. Sisson, called the meeting to order. Devotionals led by Mrs. Watson who took for her text the 21st verse of the 17th chapter of St. John. "That they all may be one: as thou, Father, art in me; and I in thee: that they also may be one in us, that the world may believe that thou hast sent me."

Many beautiful thoughts were brought forth by Mrs. Watson from this helpful Scripture verse.

After singing several selections and offering prayer, business of the meeting was taken up. The secretary, Mrs. Reid, read a copy of the constitution, after which new members were received by pinning upon them the white ribbon and presenting them with a copy of the by-laws. On the "Victory Side" was then hung, which was very impressive.

The L. T. L. meeting will be held at Plymouth Congregational church on next Sunday at 2:30 o'clock. The superintendent urges that every member and others be present.

On next Tuesday the devotional will be led by Mrs. Burge. A report of the County convention will be given by Mrs. Keller, delegate to the state convention.

The heroic struggle is still going on to save the temperance temple at Chicago. A neat mite box is being sent out to subscribers of "The Temple Appeal," with a design of the building on one side and the following words on the other: "All persons who desire to honor the memory of Miss Willard are asked to deposit a penny a day, or more, if desired. Miss Willard's last words for the temple were 'It's a grand work for a great cause and you must not let it fail.' When the bonds are paid off it will be called Willard Temple, and stand a monument for our beloved chieftain."

It has been said of Frances Willard that she would not wish a monument simply of brick and mortar, marble and granite, but a monument with open doors that she might be seen in her daily life. Just recently departed members have willed the amount of \$2,500 to the house beautiful, besides numerous small amounts.

A noon tide meeting is held in Willard hall each week day with good results. Let us rally around Mrs. Carve and save the temple for God and home and every land.

Work of Episcopalians.  
San Francisco, Oct. 5.—Deliberations of the triennial convention of the Episcopal church of America were mainly devoted to the missionary field. Neither the house of bishops nor the house of deputies remained in separate session long. A resolution was adopted to adjourn the convention sine die on Thursday, Oct. 17, at 8 p. m. Petitions from cities anxious to secure the next triennial meeting were presented in behalf of Pittsburg, Boston, Cincinnati, Louisville and New Orleans. On motion of J. Pierpont Morgan, a committee was appointed to decide where the next convention should be held. The house of bishops decided to take up the consideration of the constitution as soon as it is acted upon by the house of deputies. The house of deputies decided to take up the matter of marriage readings, which was passed on by the bishops, as soon as it had finished the constitution, which it is now considering. The proposed canon on marriage and divorce will be considered next.

### STEADY, STRENGTH, SLEEP.

These Are Three Words to Conjure With—They Are Closely Connected. With Dr. A. W. Chase's Nerve Pills, Says a Newark Citizen.

Steady nerves, refreshing sleep, renewed strength, these are a trio that practically control the enjoyment of life, they are the keystones of the arch perfecting manhood and womanhood to the fullness of life. Mrs. W. Bates of No. 143 South Sixth street, Newark, Ohio, says: "Dr. A. W. Chase's Nerve Pills I know are excellent because they made my nerves steady, gave me strength and good restful sleep, three things I needed badly. The action was easy and rapid and more than satisfactory and I am right glad in the face of the fine results I obtained that C. T. Bricker of the City Drug Store, called my attention to the medicine."

Dr. A. W. Chase's Nerve Pills are sold at 50 cents a box at dealers or Dr. A. W. Chase Medicine Company, Buffalo, N. Y. See that portrait and signature of A. W. Chase, M. D., are on every package. 2451

## FREE SPEECH

MUST NOT BE CURBED ON ACCOUNT OF ANARCHISTS.

No Need of Fear for Our Institutions, Says Senator Hoar to Massachusetts Republicans.

Boston, Mass., Oct. 5.—The feature of the Massachusetts Republican Convention yesterday was the reception and speech of the venerable Senator George F. Hoar. After a full state ticket had been placed in nomination and the platform adopted Senator Hoar was introduced to speak in memory of President McKinley. The convention stood to greet the Senator and then three hearty cheers were given for him. He spoke in part as follows:

"We can undoubtedly provide some additional legal safeguards against the recurrence of this terrible crime, but we cannot give up free speech or constitutional liberty because of the danger of a recurrence of such crimes. The restraining of free speech and of the free press, disagreeable as are their excesses, must come in the main from the individual's sense of duty and not by law."

"You and I," said the Senator, "are Republicans. You and I are men of the North. Most of us are Protestants in religion. We are men of native birth. Yet, if every Republican was today to fall in his place, as William McKinley has fallen, I believe our countrymen of the other party, in spite of what we deem their errors, would take the Republic and bear on the flag to liberty and glory."

"I believe if every Protestant were to be stricken down by a lightning stroke that our brethren of the Catholic faith would still carry on the Republic in the spirit of a true and liberal freedom."

"I believe that if every man of native birth within our borders were to die today the men of foreign birth who have come here to seek homes and liberty under the shadow of the Republic would carry on the Republic in God's appointed way. I believe if every man of the North was to die the new and chastened South, with the virtues it has cherished from the beginning, of love of home and love of state and love of freedom, with its courage and its constancy, would take the country and bear it on to the achievement of its lofty destiny. The Anarchist must slay 75,000,000 Americans before he can slay the Republic."

The Chilean training ship General Baquedano, which arrived at Halifax, N. S. has on board a large gold plaque sent by the Republic of Chile to be placed on the Washington Monument.

The area of the gold fields in Manchuria extends more than 11,127 miles along the shores of the Argun and Amur rivers, from the bed of the Hailar to the mouth of the River Sungari, 265 miles inland.

"I'll just take a fall out of you," viciously remarked the office boy, as he tore September, October and November from the calendar.

## KITCHENER'S RECALL.

Demand of a Discontented Section of the British—Want Lord Roberts to Return—Boer Activity Increasing—A Big Casualty List.

London, Oct. 5.—The casualty list shows the total British losses in the attack on Colonel Kockewich's company at Moedwill were 4 officers killed and 23 wounded, and 51 men killed and 115 wounded, numbers much greater than those heretofore reported. "Owing to the fact that the Boers have constantly recaptured the stock," says a Cape Town correspondent, "all cattle and sheep now captured are immediately killed. South Africa is thus being converted into a black, hopeless wilderness."

The Spectator, although among the most cautious of the government's supporters, comes out boldly, not only with a declaration that the appointments of Generals Buller and Wood are absurd, but also with a demand that Lord Kitchener be recalled. This demand is nicely but unmistakably worded. "From the moment Lord Roberts left South Africa we seemed to lose our strategic grasp upon the country," says The Spectator, and it urges, though without much hope, that its suggestion be accepted and Lord Roberts be sent out again.

According to The Spectator, Lord Kitchener has accomplished nothing in a year except by the process of attrition. It compares his methods with those of Grant, but does not believe that "a hammer man" is the man to command in South Africa, although The Spectator believes Lord Kitchener would make an excellent commander-in-chief at home. It suggests that Lord Roberts should go back for six months, Lord Kitchener either relieving him in London or acting again as his chief of staff in South Africa. "If Lord Roberts went out to finish the war," says The Spectator, "he would, we believe, finish it by making the best possible use of the material in hand."

Mr. Frank Carver of Burlington, Ia.,

Winston Spencer Churchill, speaking at Oldham, delivered himself of another censure of the war policy of the government. He declared that the military situation in South Africa was now "not less momentous than when the Boer armies threw themselves into Natal at the beginning of the war," and that the empire today "confronts difficulties and dangers more embarrassing than those which hung over it in the black week of December, 1899."

The Morning Post urges the government to make public Lord Kitchener's recent dispatches in order to enable the public to judge as to the real situation in South Africa. The Standard comments upon "the increasing evidence of a narrow escape from greater disasters in Natal through the timely arrival of Lord Kitchener's brother at Vryheid, which important station was threatened seriously, if not actually beleaguered by Botha's forces. The Daily News, which appears to think that the time is ripe for public dissatisfaction with the government to give the Liberals a chance, makes the somewhat surprising suggestion that "nobody is so fitted to restore the unity of the Liberal party as John Morley."

Kruger to Roosevelt. Brussels, Oct. 5.—Le Petit Bleu asserts that Mr. Kruger has sent to President Roosevelt a protest against the exportation of horses and mules to South Africa. It also declares that he never contemplated sending a mission to the United States government to solicit mediation.

## THE PROBLEM.

PROTHY in the nursery can calculate the price of Ivory Soap per cake, but it would take a mathematical genius to calculate its true value. For he must take account of time, labor, and materials. He must deduct from the apparent cost the saving in the longer life of the cake, in the longer life of the washed fabric, in the labor required, in the time consumed, in the strength expended, in the results obtained. When all is finished, Ivory is the cheapest soap in the world. It floats.

**HOME GUARDS OF AMERICA.**

Newark Home No. 34 will meet Tuesday evening October 8. All officers and members who are interested in this grand fraternal work are requested to be present on that date as there will be business of importance.

The instituting of a degree staff will be one of the features of the evening. Brother Doomy, our hustling deputy, will have for initiation twenty-one candidates without fail, and fifteen or twenty applications to be acted on.

**THE A. O. H.**

The Hibernians of Springfield are busy preparing for the big initiation to be held there on October 19. A large delegation of local members will attend. The A. O. H. in Ohio now numbers over 4,000 members. It has no risky scheme of fraternal insurance, it pays sick benefits, cares for its widows and orphans, aims to elevate the Irish Catholic people and thus help onward the cause of humanity.

**D. O. K. K.**

To all Arabs, Greeting!—I. is hereby ordered that all true and faithful followers of Mohammed will strike their tents and journey to the oasis of Newark, plains of Licking, and desert of Ohio, on the 30th day of El-Ahleb-Al-Ham-Bra, 795, which to the pilgrims means the 28th day of October, A. D. 1901, to take part in the ceremonies and rites of conducting the pilgrims across the burning sands to Khorasani Come with your camels, come with your steeds, come with your goat-skins filled with the milk of the desert. Let there be no laggard at this time as the pilgrims are anxious to become Votaries. Hears ye in the name of Mohammed, the great is Allah and Mohammed is his prophet. Signed this 26th day of El-Ahleb-Al-Ham-Bra, 795, which is to the pilgrims the 5th day of October, 1901 James Criswell, imperial nabab.

**KNIGHTS OF PYTHIAS.**

There was a grand turnout of the members at the meeting of Newark lodge No. 13, K. of P., on Thursday night, and considerable business of importance was transacted, among which was the conferring of the Page rank on one candidate.

The 62,000 members of the Knights of Pythias of Ohio are intensely interested in the coming election of officers for the grand lodge. Only Past Chancellors are eligible to the position of honor, and only Past Chancellors are allowed to vote in the election. The election occurs the first week in December. The following representative past officers throughout the state have been nominated for the various offices: For Grand Chancellor, Chas. J. Deekman, Malvern; Grand Vice Chancellor, N. S. McClellan, Marysville; Grand Prelate, Charles Edgar, Brown, Cincinnati; and J. D. Clark, Dayton; Grand Master of Exchequer, George B. Donavin, Delaware; and F. A. Jackson, Bellaire; Grand Master at Arms, William F. Bruce, Mt. Clear; Grand Inner Guard, James Dunn, Cleveland; Outer Guard, E. E. Corn, fronton; J. B. Vorley, Hillsboro; A. S. Rahl, Wooster; Jacob Woehle, Columbus; W. H. Taylor, Toledo; C. O. W. lasin Springfield; Arthur E. Kerns, Indlay; Elmer E. Dale, Toledo, and John A. Ring, Cincinnati; for Supreme Representative at Large, M. A. Bridge, Columbus; Brig. S. Young, Ada; A. P. Butterfield, Cincinnati; Josiah Catrow, Germantown; John C. Burns, Mansfield; L. H. ## FOLLOWED THE LEADER.

A Case Where Naval Cadets Turned Discipline Into a Joke.

Among other good stories told by Cyrus Townsend Brady in his "Under Topis and Tents," published by Scribners, is this:

It is related that a large number of naval cadets were negligent in following the service in the chapel, which was after the ritual of the Episcopal church. An incautious officer in charge on Sunday morning made a little address to the church party on the subject, saying he supposed that some of them erred through ignorance, but if they would observe him carefully and do as he did—in military parlance, follow the motions of the commanding officer—they would not go wrong.

Word was passed quietly through the battalion. They marched into the church. The officer in charge took his place in the front pew, sat still, turned in his seat and calmly blew his nose. Three hundred noses were blown simultaneously with a vehemence that was startling. The officer looked around and blushed violently in great surprise. Three hundred heads "followed the motions of the commanding officer." Six hundred cheeks violently tried to blush, a hard thing to for a midshipman to do and so on through the service.

The man could not stir without instant imitation. He finally confined himself strictly to the prescribed ritual of the service, looking neither to the right nor to the left, not daring to raise a finger or breathe out of the ordinary course. This enterprise also was a startling success.

The cadets received other instructions later in the day from a furious officer who sternly resented their innocent statements that they did not know which was ritual and which was not and that he had not instructed them that blowing his nose stood on a different plane from saying his prayers. It was a huge joke everywhere.

**BEE AND HIVE.**

If the hive rests on the ground, it will be too damp.

It will pay to use foundations by filling all frames full.

Set the hive a little above the ground to admit of a circulation of air.

From 9 o'clock a. m. to 3 o'clock p. m. includes the hours of successful operating with bees.

Procure new blood in the apiary. In breeding is as objectionable with bees as with live stock.

It is necessary to unite all weak colonies that will be unable to build up into strong stocks.

Care should be taken to save all young brood and the brood combs of those containing brood.

On account of it being the only material that can be depended upon to stay pine is the best material for hives.

Combs should not be left in empty hives about the apiary. That is the worst place they can be left, as moths are always to be found near the bees and are sure to infest the combs.

One advantage in closed end frames is that a hive full of combs may be handled as though it were a single piece instead of a collection of loose pieces, thus saving work, worry and time.

If the bees cannot conveniently enter the hives during the sudden changes of cool weather, quite a number will be lost; hence care should be taken to have the entrances arranged so that the bees can enter readily.

**Knobs on Trees.**

In the bark of our forest trees are contained a multitude of latent buds, which are developed and grow under certain favorable conditions. Some trees possess this property in a remarkable degree, and often, when the other parts are killed down by frost, the property of pushing out these latent buds into growth preserves the life of the plant. These buds, having once begun to grow, adhere to the woody layer at their base and push out their points through the bark toward the light.

The buds then unfold and develop leaves, which elaborate the sap carried up the small shoot. Once elaborated it descends by the bark, where it reaches the base or inner bark. Here it is arrested, so to speak, and deposited between the outside and inner layer of bark, as can be learned on examining specimens on the trees in the woods almost anywhere.

**Manx Taxes.**

In the matter of taxation the Isle of Man is unique. There is no income tax, no succession duties chargeable against the estates of deceased persons, no highway or turnpike tolls. Roads are maintained by the revenue from two sources—a small tax upon every wheel and shoe hoof and a levy upon every male inhabitant, who must give a day's work on the road or its equivalent in cash. There are no stamp duties on receipts, checks, promissory notes, etc.; in fact, stamps are used only for postage.—London Standard.

## FAIR CLOSES

BIG CROWD VISITED THE OLD FORT ON FRIDAY.

Racing Was Unusually Fine—Summary of the Harness Races Held Friday Afternoon.

The fifty-third annual fair of the Licking County Agricultural Society closed with a large attendance and with great satisfaction on Friday.

The racing was unusually fine, as even the most chronic grumblers were compelled to admit. There were no accidents of any kind, and the fair was remarkably free from skin games and gambling devices, or impure exhibitions of any kind, none of them being on the grounds, and no drunkenness was seen.

The largest crowd of the week witnessed the races at the fair on Friday. They were without special incident, and were easily won by the favorite for each race.

Newark, O.  
Dear Sir:—My wife suffered for 10 years with Rheumatism and gradually became worse. Tried different doctors and various remedies without relief. One day she or two or three years ago a friend told her of your preparation, **RHEUMATOL**. After using eight small bottles, (it was then put up in 50¢ size) all rheumatism disappeared, and has never returned. Not only did it cure Rheumatism but a very bad case of Eczema of 20 years standing. A dreadful case it was—the sores and scabs spreading up back part of neck into the hair. Several doctors treated her for this malady but no relief of any consequence until **RHEUMATOL** was used. This Rheumatol cured Mrs. Brandt of Eczema as well as Rheumatism and neither has returned during this entire period of nearly 3 years, for which my wife and I are sincerely grateful, and we heartily recommend **RHEUMATOL** to any one suffering from Rheumatism or Eczema.

## MISS LONG

Daughter of Secretary John D. Long  
Died Friday Night at Hingham.  
Mass.—Her illness.

Hingham, Mass., Oct. 5.—Miss Helen Long, second daughter of Secretary John D. Long, died Friday night. The end came sooner than was expected, although when the entry was summoned from Washington early in the week it was known that his daughter's condition was critical. Miss Long died of pulmonary trouble, which had its origin after close attention to the local duties during Secretary Long's first term in the cabinet. Mrs. Long's health had failed and it was necessary for Miss Helen to take her place.

## PHINEAS FOUTZ

Zanesville Boy Believed to Have Been  
Hanged in Philippines for an  
Atrocious Murder.

Washington, Oct. 5.—Phineas Foutz, the Zanesville, O., soldier who was sentenced to death for murder in the Philippines has in the opinion of the officials of the War Department here, paid the full penalty of his crime by this time.

Foutz was a private in Company K, Nineteenth Infantry. Last November he murdered a Filipino girl, Genevira Torres, aged 14 years. The crime was cold blooded and atrocious, according to the reports which came to the department. The soldier went into the house where the girl was at work and stabbed her to death. He then surrendered himself and was tried by court martial and convicted. The sentence of death, which was pronounced, was approved by the Secretary of War and the late President McKinley. The defense attempted to prove that Foutz was insane but failed. Secretary Root, in passing upon the case, said the crime was "premeditated, deliberate, brutal and without adequate motive." A sister of the condemned soldier went to Canton six or seven weeks ago and made a personal appeal for clemency to President McKinley. But the late Chief Magistrate had already confirmed the verdict of the court martial and did not commute the sentence nor order a stay of execution. The presumption is therefore that the young man has been hanged by this time, although the official report will not reach here for several weeks masochism as it will come by mail.

## A Fine Display.

One of the finest and most attractive displays at the recent fair held by the Licking County Agricultural Society was that made by Mr. H. W. Colville, one of the prominent and up-to-date farmers of Long Run, Eden township. The display of Mr. Colville consisted of a quantity of extraordinary fine apples, and attracted unusual attention. The apples were of a large size, well developed and being without blemish, their beauty was not marred, and they presented a most beautiful appearance and were awarded the first premium. Mr. Colville has the thanks of the editor of the Advocate for a basket of the fruit.

Clinton county leads in hogs, having 50,755. Trumbull leads in cattle with 32,511. At one time Licking county was the banner sheep country of the United States, and held that record for a number of years.

## CUP RACES

Much Local Interest Taken—An Idea  
of the Immense Amount of Sail  
Carried.

Great interest has been taken in Newark in the international yacht races which came to a close Friday afternoon, the American boat, Columbia, winning three straight from Sir Thomas Lipton's Shamrock II. Almost without exception Newark people wanted to see the Shamrock win Friday's race, not that they wanted to see the cup go across to England, but that another race might be sailed and thus make the contest more interesting.

One who is not familiar with yachting can hardly realize the immense amount of sail that each yacht carries, but some idea may be had when it is stated that the mast on each boat is nearly as high as Licking county's court house spire. The court house spire is 187 feet from the ground, while the distance from the water line to the topmost part of the Shamrock is 173 feet.

There is now talk of more racing with an exchange of crews. Lipton telegraphed the Boston Journal today agreeing to the proposition providing the other side is willing. The telegram with other dispatches from New York and from London on the recent races may be seen on the first page of today's Advocate.

"That cup must be mighty heavy," remarked a well known citizen to a west side man today.

"Why?" was the rejoinder.

"It seems to be very hard to lift."

## A Glass Factory.

Coshocton, Oct. 5.—The Coshocton Glass Co. of that place has just closed a contract with E. K. Sater and E. G. ## BY FIRE

Plant of the American Crayon Company at Sandusky, Ohio, Has  
Been Destroyed.

Sandusky, O., Oct. 5.—There is no truth in the story that lives were lost in the American Crayon company fire which destroyed the plant.

Sandusky, O., Oct. 5.—The destruction of the plant of the American Crayon company here, causing a loss estimated at \$140,000. Insurance, \$12,700. The fire started in the drying room on the first floor of the packing department, and was first discovered when the flames broke through the floor to the second story, where 50 girls were at work. The flames spread rapidly and a panic ensued. Within 20 minutes the entire plant, covering a block, was afire, as well as a half-dozen houses. The plant and two large barns were soon in ruins. One hundred and fifty men were employed. It is reported that two girls are missing, and it is feared they lost their lives.

Surrendered to the Court.  
Springfield, O., Oct. 5.—George W. Thatcher, claim agent and representative of the Mercer heirs, was surrendered by his attorney, L. F. Young, to the court, the having become nervous on account of his client, Thatcher is under indictment in the Clark county courts on account of two notes, which are said to be forgeries, and when he was taken into court he was indicted on three more counts. The Mercer heirs have been paying money to Thatcher for the purpose of securing possession of an estate, supposed to be worth \$750,000.

Didn't Know, Etc.  
Salem, O., Oct. 5.—Paul Johnson, 17, of Leetonia, was, it is believed, fatally shot by a companion, Ed Wren. A revolver with which the boys had been playing, and which was not supposed to be loaded, was playfully snapped in Johnson's face. The only loaded chamber was discharged, a 22-caliber ball entering the youth's head just over the left eye.

Shattuc's Bill.  
Cincinnati, Oct. 5.—Congressman W. B. Shattuc left for Washington to confer with the secretary of the treasury and Commissioner of Immigration. Powderly regarding a bill prohibiting the entrance of anarchists into the United States, to be introduced in congress. Shattuc is chairman of the house committee on immigration.

## TRIED TO DRIVE

Over a Tree and Whipped the Horse  
Until Mr. Schimpf Interfered.

Brutal Abuse of Animal.

About 9:30 o'clock last night the attention of citizens residing in the vicinity of Schimpf's grocery on North Third street was directed to the peculiar action of a man, who was driving a horse and buggy belonging to Mr. Cramer, the livery man. The man, named Stutz, was somewhat under the influence of liquor, and had driven into Fitzgibbon's lot. In turning around one of the wheels of the buggy became locked in a small tree, and a Stutz commenced riding the horse in his endeavor to slip over the tree. Mr. M. Schimpf, who witnessed the young man's actions took possession of the rig and returned it to Mr. Cramer.
